The findings and determinations set forth in the preambles hereof are hereby incorporated by reference and made a part of this Ordinance for all purposes as if the same were restated in full in this Section. The Town Council hereby finds, determines, and ordains, as follows:

(a) The apportionment of the Actual Costs of Authorized Improvements (as reflected in the Service and Assessment Plan), and the Administrative Expenses (as defined in and as described by the Service and Assessment Plan) is fair and reasonable, reflects an accurate presentation of the special benefit each parcel of Assessed Property will receive from the construction of the Authorized Improvements identified in the Service and Assessment Plan, and is hereby approved;

(d) All of the real property in the District which is being assessed in the amounts shown in the Assessment Roll will be benefited by the Authorized Improvements proposed to be constructed as described in the Service and Assessment Plan, and each parcel of Assessed Property will receive special benefits during the term of the Assessments equal to or greater than the total amount assessed;

(e) The method of apportionment of the Actual Costs of the Authorized Improvements and Administrative Expenses set forth in the Service and Assessment Plan results in imposing equal shares of the Actual Costs of the Authorized Improvements and

Administrative Expenses on property similarly benefited, and results in a reasonable classification and formula for the apportionment of the Actual Costs of the Authorized Improvements;

(f) The Service and Assessment Plan should be approved as the service plan and assessment plan for the District as described in Sections 372.013 and 372.014 of the PID Act;

(g) The Assessment Roll should be approved as the assessment roll for the District;

(h) The provisions of the Service and Assessment Plan relating to due and delinquency dates for the Assessments, interest on Annual Installments, interest and penalties on delinquent Assessments and delinquent Annual Installments, and procedures in connection with the imposition and collection of Assessments should be approved and will expedite collection of the Assessments in a timely manner in order to provide the services and improvements needed and required for the District; and

I. PLAN DESCRIPTION AND DEFINED TERMS

A. INTRODUCTION

On August 16, 2022 (the “Creation Date”) the Town Council (the “Town Council”) of the Town of Little Elm, Texas (the “Town”) passed and approved Resolution No. 0816202201 approving and authorizing the creation of the Valencia Public Improvement District No. 2 (the “PID”) to finance the costs of certain public improvements for the benefit of property in such public improvement district (the “Authorized Improvements”), all of which is located within the Town.

The property in the PID is proposed to be developed as one phase, and the PID will finance public improvements as the property is developed. Assessments will be imposed on the property that receives a special benefit from the Authorized Improvements to be constructed.

Chapter 372 of the Texas Local Government Code, the “Public Improvement District Assessment Act” (as amended, the “PID Act”), governs the creation and operation of public improvement districts within the State of Texas. The Valencia Public Improvement District No. 2 Service and Assessment Plan (the “Service and Assessment Plan”) has been prepared in accordance with the PID Act and specifically Sections 372.013, 372.014, 372.015 and 372.016, which address the requirements of a service and assessment plan and the assessment roll. According to Section 372.013 of the PID Act, a service plan “must (i) cover a period of at least five years; (ii) define the annual indebtedness and the projected costs for improvements; and (iii) include a copy of the notice form required by Section 5.014, Property Code.” The service plan is described in Section IV of this Service and Assessment Plan. The copy of the notice form required by Section 5.014 of the Texas Property Code, as amended, is attached hereto as Appendix E.

Section 372.014 of the PID Act requires that “an assessment plan must be included in the annual service plan.” The assessment plan is described in Section V of this Service and Assessment Plan.

Section 372.015 of the PID Act requires that “the governing body of the municipality or county shall apportion the cost of an improvement to be assessed against property in an improvement district.” The method of assessing the Authorized Improvement Costs and apportionment of such costs to the property in the PID is included in Section V of this Service and Assessment Plan.

Section 372.016 of the PID Act requires that “after the total cost of an improvement is determined, the governing body of the municipality or county shall prepare a proposed assessment roll. The roll must state the assessment against each parcel of land in the district, as determined by the method of assessment chosen by the municipality or county under this subchapter.” The Assessment Roll for the PID is included in this Service and Assessment Plan. The Assessments as shown on the Assessment Roll are based on the method of assessment and apportionment of costs described in Section V of this Service and Assessment Plan.

After analyzing the public improvement projects authorized by the PID Act, the Town has determined at this time to undertake only Authorized Improvements listed in Section III.B. on the following page and shown in the opinion of probable costs included as Appendix B and on the

diagrams included as Appendix D for the benefit of the Assessed Property. Any change to the list of Authorized Improvements will require the approval of the Town and an update to this Service and Assessment Plan.

B. DESCRIPTIONS OF THE AUTHORIZED IMPROVEMENTS

The descriptions of the Authorized Improvements are presented below. The Budgeted Costs are shown in Table III-A and may be revised in an Annual Service Plan Update as needed.

A description of the Authorized Improvements are as follows:

Roadway Improvements

The roadway improvements within the PID consist of the construction of roadway improvements, including related paving, excavation, drainage, curbs, gutters, sidewalks, retaining walls, signage, traffic control devices, and right-of-way which benefit the Assessed Property. All roadway projects will be designed and constructed in accordance with Town standards and specifications and will be owned and operated by the Town.

Water Improvements

The water improvements within the PID consist of construction and installation of a looped water main network, which includes waterlines, valves, fire hydrants, and appurtenances, necessary for the water distribution system that will service the Assessed Property. The water improvements will be designed and constructed in accordance with Town standards and specifications and will be owned and operated by the Town.

Sanitary Sewer Improvements

Onsite:

The onsite sanitary sewer improvements within the PID consist of construction and installation of various sized sanitary sewer pipes, service lines, manholes, encasements, and appurtenances necessary to provide sanitary sewer service to Assessed Property. The onsite sanitary sewer improvements will be designed and constructed in accordance with Town standards and specifications and will be owned and operated by the Town.

Offsite:

The offsite sanitary sewer improvements within the PID consist of construction and installation of various sized sanitary sewer pipes, service lines, manholes, encasements, appurtenances, and a lift station necessary to provide sanitary sewer service to Assessed Property. The offsite sanitary sewer improvements will be designed and constructed in accordance with Town standards and specifications and will be owned and operated by the Town.

Storm Drainage Improvements

The storm drainage improvements within the PID consist of reinforced concrete pipes, reinforced concrete boxes, multi-reinforced box culverts, junction boxes, inlets, headwalls, and appurtenances which benefit the Assessed Property. The storm drainage collection system improvements will be designed and constructed in accordance with Town standards and specifications and will be owned and maintained by the Town.

Soft and Miscellaneous Costs

The soft and miscellaneous costs within the PID consist of engineering and surveying, project management fees, contingency, district formation, and other soft and miscellaneous costs.

The Budgeted Costs of the Authorized Improvements shown in Table III-A may be revised in Annual Service Plan Updates. Savings from one line item may be applied to a cost increase in another line item. These savings may be applied only to increases in costs of the Authorized Improvements (i.e., the improvements for the benefit of property within the PID). Additional details of the Authorized Improvements are shown in Appendix B attached to this Service and Assessment Plan. The method of cost allocation is explained in Section V.C.

IV. SERVICE PLAN

A. PROJECTED SOURCES AND USES OF FUNDS

The PID Act requires the service plan to cover a period of at least five years. The service plan is required to define the annual projected costs and indebtedness for the Authorized Improvements undertaken within the PID during the five year period. It is anticipated the Authorized Improvements will be completed and dedicated to the Town in the 4th quarter of 2022.

The Budgeted Costs for the Authorized Improvements plus costs related to the issuance of the Series 2022 PID Bonds and payment of expenses incurred in the establishment, administration and operation of the PID are \$17,816,920 as shown in Table IV-A. The service plan shall be reviewed and updated at least annually for the purpose of determining the annual budget for Administrative Expenses, updating the Actual Costs of the Authorized Improvements, and updating the Assessment Roll. Any update to this Service and Assessment Plan is herein referred to as an “Annual Service Plan Update.”

Table IV-A shows the projected sources and uses of funds for the Authorized Improvements.

The Series 2022 PID Bonds described in Table IV-A are being issued in 2022 and will be used to finance the Authorized Improvement Costs.

The annual projected costs shown in Table IV-B are the annual expenditures relating to the Authorized Improvements shown in Table III-A, the costs associated with creating the PID and costs of issuing the Series 2022 PID Bonds, including reserves shown in Table IV-A. The difference between the annual projected cost and the annual projected indebtedness, if any, represents an amount funded by the Developer.

C. PID DISCLOSURE

The PID Act requires that this Service and Assessment Plan, and each Annual Service Plan Update, include a copy of the notice form (required by Section 5.014 of the Texas Property Code), (the “PID Disclosure”). The PID Disclosure is attached hereto as Appendix E and may be updated from time to time or in Annual Service Plan Updates.

V. ASSESSMENT PLAN

A. INTRODUCTION

The PID Act requires the Town Council to apportion the costs of the Authorized Improvements on the basis of special benefits conferred upon the property because of the Authorized Improvements. The PID Act provides that the costs of the Authorized Improvements may be assessed: (i) equally per front foot or square foot; (ii) according to the value of the property as determined by the governing body, with or without regard to improvements on the property; or (iii) in any other manner that results in imposing equal shares of the cost on property similarly benefited. The PID Act further provides that the governing body may establish by ordinance or order reasonable classifications and formulas for the apportionment of the cost between the municipality and the area to be assessed and the methods of assessing the special benefits for various classes of improvements.

For purposes of this Service and Assessment Plan, the Town Council has determined that the Budgeted Costs of the Authorized Improvements shall be allocated as described below:

1. The Authorized Improvement Costs shall be allocated on the basis of Equivalent Units once such property is developed, and that such method of allocation will result in the imposition of equal shares of the costs of the Authorized Improvements to Parcels similarly benefited.
2. The Town Council has concluded that larger more expensive homes are likely to be built on the larger lots, and that larger more expensive homes are likely to make greater use of and receive greater benefit from the Authorized Improvements. In determining the relative values of Parcels, the Town Council has taken into consideration (i) the type of development (i.e., residential, commercial, etc.), (ii) single-family lot sizes and the size of homes likely to be built on lots of different sizes, (iii) current and projected home prices provided by the Developer, (iv) the Authorized Improvements to be provided and the estimated costs, and (v) the ability of different property types to utilize and benefit from the Authorized Improvements.
3. The Assessed Property is classified into different Lot Types as described in Appendix F based on the type and size of proposed development on each Parcel.
4. Equivalent Units are calculated for each Lot Type based on the relative value of each Lot Type.

This section of this Service and Assessment Plan (i) describes the special benefit received by each Parcel within the Assessed Property as a result of the Authorized Improvements, (ii) provides the basis and justification for the determination that this special benefit equals or exceeds the amount of the Assessments levied or to be levied on the Assessed Property, and (iii) establishes the methodologies by which the Town Council allocates and reallocates the special benefit of the Authorized Improvements to the Assessed Property in a manner that results in equal shares of the

Actual Costs of such improvements being apportioned to the Assessed Property similarly benefited. The determination by the Town Council of the assessment methodologies set forth below is the result of the discretionary exercise by the Town Council of its legislative authority and governmental powers and is conclusive and binding on the Developer and all future owners and developers of the Assessed Property.

B. SPECIAL BENEFIT

Assessed Property must receive a direct and special benefit from the Authorized Improvements, and this benefit must be equal to or greater than the amount of the Assessments. The Authorized Improvements are provided specifically for the benefit of the Assessed Property. The Authorized Improvements (more particularly described in line-item format in Appendix B to this Service and Assessment Plan) and the costs of issuance and payment of costs incurred in the establishment and administration of the PID shown in Table IV-A are authorized by the PID Act. These Authorized Improvements are provided specifically for the benefit of the Assessed Property.

Each owner of the Assessed Property has acknowledged that the Authorized Improvements confer a special benefit on the Assessed Property and has consented to the imposition of the Assessments to pay for the Actual Costs associated therewith. Each of the owners is acting in its interest in consenting to this apportionment and levying of the Assessments because the special benefit conferred upon the Assessed Property by the Authorized Improvements exceeds the amount of the Assessments.

The Authorized Improvements provide a special benefit to the Assessed Property as a result of the close proximity of these improvements to the Assessed Property and the specific purpose of these improvements of providing infrastructure for the Assessed Property. In other words, the Assessed Property could not be used in the manner proposed without the construction of the Authorized Improvements. The Authorized Improvements are being provided specifically to meet the needs of the Assessed Property as required for the proposed use of the property.

The Assessments are being levied to provide the Authorized Improvements that are required for the highest and best use of the Assessed Property (i.e., the use of the property that is most valuable, including any costs associated with that use). Highest and best use can be defined as “the reasonably probable and legal use of property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value.” (*Dictionary of Real Estate Appraisal, Third Edition.*) The Authorized Improvements are expected to be required for the proposed use of the Assessed Property to be physically possible, appropriately supported, financially feasible, and maximally productive.

The Developer has evaluated the potential use of the Assessed Property and has determined that the highest and best use of the Assessed Property is the use intended and the legal use for the property as described in Section II of this Service and Assessment Plan. The use of the Assessed Property as described herein will require the construction of the Authorized Improvements.

The special assessments will repay financing that is on advantageous terms, as the Bonds issued to finance the Authorized Improvements will pay interest that is exempt from federal income tax.

As a result, all other terms being equal (e.g., maturity, fixed vs. variable rate, credit quality), the tax-exempt bonds will have a lower interest rate than debt that is not tax-exempt. The Bonds also have a longer term than other available financings and may either be repaid or assumed by a buyer at the buyer's option. As a result of these advantageous terms, the financing provided by the PID is the most beneficial means of financing the Authorized Improvements.

Each owner of the Assessed Property will ratify, confirm, accept, agree to and approve: (i) the determinations and finding by the Town Council as to the special benefits described in this Service and Assessment Plan and the Assessment Ordinance; (ii) the Service and Assessment Plan and the Assessment Ordinance, and (iii) the levying of Assessments on the Assessed Property. Use of the Assessed Property as described in this Service and Assessment Plan and as authorized by the PID Act requires that Authorized Improvements be acquired, constructed, installed, and/or improved. Funding the Actual Costs of the Authorized Improvements through the PID has been determined by the Town Council to be the most beneficial means of doing so. As a result, the Authorized Improvements result in a special benefit to the Assessed Property, and this special benefit exceeds the amount of the Assessment. This conclusion is based on and supported by the evidence, information, and testimony provided to the Town Council.

In summary, the Authorized Improvements result in a special benefit to the Assessed Property for the following reasons:

1. The Authorized Improvements are being provided specifically for the use of the Assessed Property, are necessary for the proposed best use of the property and provide a special benefit to the Assessed Property as a result;
2. The Developer has consented to the imposition of the Assessments for the purpose of providing the Authorized Improvements and the Developer is acting in its interest by consenting to this imposition;
3. The highest and best use of the Assessed Property is the use of the Assessed Property that is most valuable (including any costs associated with the use of the Assessed Property);
4. Financing of the costs of the Authorized Improvements through the PID is determined to be the most beneficial means of providing for the Authorized Improvements; and,
5. As a result, the special benefit to the Assessed Property from the Authorized Improvements will be equal to or greater than the Assessments.

C. ASSESSMENT METHODOLOGY

The costs of the Authorized Improvements may be assessed by the Town Council against the Assessed Property so long as the special benefit conferred upon the Assessed Property by the Authorized Improvements equals or exceeds the Assessments. The costs of the Authorized Improvements may be assessed using any methodology that results in the imposition of equal shares of the Actual Costs on Assessed Property similarly benefited.

1. Assessment Methodology for the Authorized Improvements

For purpose of this Service and Assessment Plan, the Town Council has determined that the Budgeted Costs of the Authorized Improvements to be financed with the Bonds shall be allocated to the Assessed Property by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units anticipated to be developed on each Parcel within the PID.

Based on the Budgeted Costs of the Authorized Improvements, as set forth in Table III-A, the Town Council has determined that the benefit to the Assessed Property of the Authorized Improvements is at least equal to the Assessments levied on the Assessed Property.

Upon subsequent divisions of any Parcel, the Assessment applicable to it will then be apportioned pro rata based on the estimated Equivalent Units of each newly created Parcel. For residential Lots, when final residential building sites are platted, Assessments will be apportioned proportionately among each Parcel based on the ratio of the estimated Equivalent Units at the time residential Lots are platted to the total estimated Equivalent Units of all Lots in the platted Parcel, as calculated and shown in Appendix F using the types, number and average home value of Lots anticipated to be developed on each Parcel.

The Assessment and Annual Installments for each Parcel or Lot located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan or the PID Act.

D. ASSESSMENTS

The Assessments are being levied on each Parcel according to the Assessment Roll, attached hereto as Appendix G. The Annual Installments of the Assessments will be collected at the time and in the amounts shown on the Assessment Roll, subject to any revisions made during an Annual Service Plan Update.

See Appendix F for Assessment per unit, leverage, and estimated tax rate equivalent calculation details.

E. ADMINISTRATIVE EXPENSES

The cost of administering the PID and collecting the Annual Installments shall be paid for on a pro rata basis by each Parcel based on the amount of Assessment levied against the Parcel. The Administrative Expenses shall be collected as part of and in the same manner as Annual Installments in the amounts shown on the Assessment Roll, which may be revised based on actual costs incurred in Annual Service Plan Updates. The first year's Administrative Expenses are expected to be paid from the proceeds of the Series 2022 PID Bonds, as shown in Table IV-A.

(remainder of this page is intentionally left blank)

F. ADDITIONAL INTEREST RESERVE

Pursuant to the PID Act, the interest rate for Assessments may exceed the actual interest rate per annum paid on the related Bonds by no more than one half of one percent (0.50%), the Additional Interest. The interest rate used to determine the Assessments is one half of one percent (0.50%) per annum higher than the actual rate paid on the Bonds, with the Additional Interest Component of the Annual Installments allocated to fund a reserve to be used for paying interest associated with a prepayment and to offset any possible delinquency related costs and/or as described in the Trust Indenture, the Additional Interest Reserve. The Additional Interest Reserve shall be funded until it reaches 5.50% of the outstanding Bonds unless otherwise stipulated in the Bond documents. Once the Additional Interest Reserve is funded in full, the Town may allocate the Additional Interest Component of the Annual Installments as provided in the applicable Trust Indenture.

(remainder of this page is intentionally left blank)

VI. TERMS OF THE ASSESSMENTS

A. AMOUNT OF ASSESSMENTS AND ANNUAL INSTALLMENTS FOR PARCELS LOCATED WITHIN THE PID

The Assessment and Annual Installments for each Assessed Property located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.

The Annual Installments shall be collected from the Assessed Property in an amount sufficient to pay (i) principal and interest on the Series 2022 PID Bonds, (ii) to fund the Additional Interest Reserve described in Section V, and (iii) to pay Administrative Expenses related to the PID. The Annual Installment for each Parcel in the PID shall be calculated by taking into consideration any available capitalized interest applicable to the Parcel.

B. REALLOCATION OF ASSESSMENTS

1. Subdivision

Upon the subdivision of any Parcel, the Assessment for the Parcel prior to the subdivision shall be reallocated among the new subdivided Parcels according to the following formula:

$$A = B \times (C \div D)$$

Where the terms have the following meanings:

- A = the Assessment for each new subdivided Parcel
- B = the Assessment for the Parcel prior to subdivision
- C = the estimated total Equivalent Units to be built on each new subdivided Parcel
- D = the sum of the estimated total Equivalent units to be built on all of the new subdivided Parcels

The calculation of the estimated Equivalent Units to be built on a Parcel shall be performed by the Administrator and confirmed by the Town Council based on the information available regarding the use of the Parcel. The estimate as confirmed shall be conclusive. The number of Equivalent Units to be built on a Parcel may be estimated by net land area and reasonable density ratios.

The sum of the Assessments for all newly subdivided Parcels shall equal the Assessment for the Parcel prior to subdivision. The calculation shall be made separately for each newly subdivided Parcel. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the subdivision of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the Town Council.

2. Consolidation

Upon the consolidation of two or more Parcels, the Assessment for the consolidated Parcel shall be the sum of the Assessments for the Parcels prior to consolidation. The reallocation of an Assessment for a Parcel that is a homestead under Texas law may not exceed the Assessment prior to the reallocation and to the extent the reallocation would exceed such amount, it shall be prepaid by such amount by the party requesting the consolidation of the Parcels. Any reallocation pursuant to this section shall be reflected in an Annual Service Plan Update approved by the Town Council.

C. MANDATORY PREPAYMENT OF ASSESSMENTS

1. If a Parcel subject to Assessments is transferred to a party that is exempt from the payment of the Assessment under applicable law, or if an owner causes a Parcel subject to Assessments to become Non-Benefited Property, the owner of such Parcel shall pay to the Town the full amount of the principal portion of the Assessment on such Parcel, plus all Prepayment Costs, prior to any such transfer or act.
2. If at any time the Assessment per unit on a Parcel exceeds the applicable Maximum Assessment Per Unit shown in this Service and Assessment Plan as a result of any changes in land use, subdivision, consolidation or reallocation of the Assessment authorized by this Service and Assessment Plan and initiated by the owner of the Parcel, then such owner shall pay to the Town prior to the recordation of the document subdividing the Parcel the amount calculated by the Administrator by which the Assessment per unit for the Parcel exceeds the applicable Maximum Assessment per Unit calculated in this Service and Assessment Plan.
3. The payments required above shall be treated the same as any Assessment that is due and owing under the PID Act, the Assessment Ordinance, and this Service and Assessment Plan, including the same lien priority, penalties, procedures, and foreclosure specified by the PID Act.

D. REDUCTION OF ASSESSMENTS

1. If after all Authorized Improvements to be funded with a series of Bonds have been completed and Actual Costs for such Authorized Improvements are less than the Actual Costs of the Authorized Improvements used to calculate the Assessments securing such series of Bonds, resulting in excess Bond proceeds being available to redeem Bonds of such series, then the Assessment securing such series of Bonds for each Parcel of Assessed Property shall be reduced by the Town Council pro rata such that the sum of the resulting reduced Assessments for all Assessed Properties equals the actual reduced Actual Costs. The Assessments shall not be reduced to an amount less than the related outstanding series of Bonds. If all of the Authorized Improvements are not completed, the Town may reduce the Assessments in another method if it determines such method would better reflect the benefit received by the Parcels from the Authorized Improvements completed.

2. If all the Authorized Improvements are not undertaken, resulting in excess Bond proceeds being available to redeem Bonds, and such excess Bond proceeds shall be applied to redeem Bonds as provided in the Indenture, then the Assessments and Annual Installments for each Parcel shall be appropriately reduced by the Town Council to reflect only the amounts required to repay the Bonds, including interest on the Bonds and Administrative Expenses. The Town Council may reduce the Assessments and the Annual Installments for each Parcel (i) in an amount that represents the Authorized Improvements provided for each Parcel or (ii) by an equal percentage calculated based on number of units, if determined by the Town Council to be the most fair and practical means of reducing the Assessments for each Parcel, and in accordance with the Trust Indenture, such that the sum of the resulting reduced Assessments equals the amount required to repay the Bonds, including interest on the Bonds and Administrative Expenses. The principal portion of the Assessment for each Parcel shall be reduced pro rata to the reduction in the Assessments for each Parcel such that the sum of the resulting reduced principal portion of the Bonds is equal to the outstanding principal amount of the Bonds.

E. PAYMENT OF ASSESSMENTS

1. Payment in Full

- (a) The Assessment for any Parcel may be paid in full at any time. Such payment shall include all Prepayment Costs. If prepayment in full will result in redemption of Bonds, the payment amount shall be reduced by the amount, if any, of interest through the date of redemption of Bonds and reserve funds applied to the redemption under the Trust Indenture, net of any other costs applicable to the redemption of Bonds.
- (b) If an Annual Installment has been billed prior to payment in full of an Assessment, the Annual Installment shall be due and payable and shall be credited against the payment-in-full amount.
- (c) Upon payment in full of the Assessment and all Prepayment Costs, the Town shall deposit the payment in accordance with the Trust Indenture; whereupon, the Assessment shall be reduced to zero, and the owner's obligation to pay the Assessment and Annual Installments thereof shall automatically terminate.
- (d) At the option of the owner, the Assessment on any Parcel plus Prepayment Costs may be paid in part. Upon the payment of such amounts for a Parcel, the Assessment for the Parcel shall be reduced, the Assessment Roll shall be updated to reflect such partial payment, and the obligation to pay the Annual Installment for such Parcel shall be reduced to the extent the partial payment is made.

2. Payment in Annual Installments

The PID Act provides that an Assessment for a Parcel may be paid in full at any time. If not paid in full, the PID Act authorizes the Assessment to be paid in installments and additionally allows the Town to collect interest, Administrative Expenses and other authorized charges in installments. An Assessment for a Parcel that is not paid in full will be collected in Annual

Installments each year in the amounts shown on the Assessment Roll, as updated as provided for herein, which include interest, Administrative Expenses, and payments required for the Additional Interest Reserve. Payment of the Annual Installments shall commence with tax bills mailed after the issuance of the Bonds.

Each Assessment levied against the Assessed Property shall be paid with interest of no more than the actual interest rate paid on the Series 2022 PID Bonds and Additional Interest; the Assessment Roll sets forth for each year the Annual Installment for each parcel based on an interest rate of 6.000% in years 1 through 5 (2023-2027), 6.125% in years 6 through 10 (2028-2032), and 6.875% in years 11 through 30 (2033-2052) on the Series 2022 PID Bonds and Additional Interest at the rate of 0.5% for the Additional Interest Reserve. Furthermore, the Annual Installments may not exceed the amounts shown on the Assessment Roll, as shown in Appendix G.

The Annual Installments shall be reduced to equal the Actual Costs of repaying the Series 2022 PID Bonds and actual Administrative Expenses (as provided for in the definition of such term), taking into consideration any other available funds for these costs, such as interest income on account balances.

The Town reserves and shall have the right and option to refund the Bonds in accordance with Section 372.027 of the PID Act. In the event of such refunding, the Administrator shall recalculate the Annual Installments, and if necessary, may adjust, or decrease, the amount of the Annual Installments so that total Annual Installments of Assessments will be produced in annual amounts that are required to pay the refunding bonds when due and payable as required by and established in the ordinance and/or the indenture authorizing and securing the refunding bonds, and such refunding bonds shall constitute Bonds for purposes of this Service and Assessment Plan.

F. COLLECTION OF ANNUAL INSTALLMENTS

No less frequently than annually, the Administrator shall prepare, and the Town Council shall consider, an Annual Service Plan Update to allow for the billing and collection of Annual Installments. Each Annual Service Plan Update shall include an updated Assessment Roll and a calculation of the Annual Installment for each Parcel. Administrative Expenses shall be allocated among Parcels in proportion to the amount of the Annual Installments for the Parcels. Each Annual Installment shall be reduced by any credits applied under the applicable Trust Indenture, including capitalized interest, interest earnings on any account balances, and any other funds available to the Trustee for such purpose, and including any existing deposits to a prepayment reserve. Annual Installments shall be collected by the Town in the same manner and at the same time as ad valorem taxes and shall be subject to the same penalties, procedures, and foreclosure sale in case of delinquencies as are provided for ad valorem taxes of the Town. The Town Council may provide for other means of collecting the Annual Installments to the extent permitted under the PID Act. The Assessments shall have lien priority as specified in the Act.

Any sale of Assessed Property for nonpayment of the Annual Installments shall be subject to the lien established for the remaining unpaid Annual Installments against such Assessed Property and such Assessed Property may again be sold at a judicial foreclosure sale if the purchaser thereof

fails to make timely payment of the non-delinquent Annual Installments against such Assessed Property as they become due and payable.

Each Annual Installment, including the interest on the unpaid amount of an Assessment, shall be updated annually. Each Annual Installment together with interest thereon shall be delinquent if not paid prior to February 1 of the following year. Collection of the initial Annual Installments relating to the Authorized Improvements that benefit the Assessed Property will be due when billed and will be delinquent if not paid prior to February 1, 2024.

VII. THE ASSESSMENT ROLL

A. ASSESSMENT ROLL

The Town Council has evaluated each Parcel in the PID based on numerous factors such as the applicable zoning for developable area, the use of proposed Homeowner Association Property, the Public Property, the types of Authorized Improvements, and other development factors deemed relevant by the Town Council to determine the amount of Assessed Property within the PID.

The Assessed Property has been assessed for the special benefits conferred upon the property resulting from the Authorized Improvements. Table VII-A summarizes the \$17,816,920 in special benefit received by the Assessed Property from the Authorized Improvements, including costs of PID formation and administration and the Series 2022 PID Bonds issuance costs. The par amount of the Series 2022 PID Bonds is \$16,288,000 which is less than the benefit received by the Assessed Property. Accordingly, the total Assessment to be applied to all the Assessed Property is \$16,288,000, which will be collected in addition to interest thereon plus the Additional Interest and annual Administrative Expenses. The Assessment for each Assessed Property is calculated based on the allocation methodologies described in Section V.C. The Assessment Roll is attached hereto as Appendix G.

B. ANNUAL ASSESSMENT ROLL UPDATES

The Administrator shall prepare, and shall submit to the Town Council for approval, annual updates to the Assessment Roll in conjunction with the Annual Service Plan Update to reflect the following matters, together with any other changes helpful to the Administrator or the Town and permitted by the PID Act: (i) the identification of each Parcel (ii) the Assessment for each Parcel of Assessed Property, including any adjustments authorized by this Service and Assessment Plan and in the PID Act; (iii) the Annual Installment for the Assessed Property for the year (if the Assessment is payable in installments); and (iv) payments of the Assessment, if any, as provided by Section VI.E. of this Service and Assessment Plan.

Once Bonds are issued, the Assessment Roll shall be updated, which update may be done in the next Annual Service Plan Update, to reflect any changes resulting from the issuance of the Bonds. VIII. MISCELLANEOUS PROVISIONS

A. ADMINISTRATIVE REVIEW

The Town may elect to designate a third party to serve as Administrator. The Town shall notify Developer in writing at least thirty (30) days in advance before appointing a third party Administrator.

To the extent consistent with the PID Act, an owner of an Assessed Parcel claiming that a calculation error has been made in the Assessment Roll(s), including the calculation of the Annual Installment, shall send a written notice describing the error to the Town not later than thirty (30) days after the date any amount which is alleged to be incorrect is due prior to seeking any other remedy. The Administrator shall promptly review the notice, and if necessary, meet with the Assessed Parcel owner, consider written and oral evidence regarding the alleged error and decide whether, in fact, such a calculation error occurred.

If the Administrator determines that a calculation error has been made and the Assessment Roll should be modified or changed in favor of the Assessed Parcel owner, such change or modification shall be presented to the Town Council for approval to the extent permitted by the PID Act. A cash refund may not be made for any amount previously paid by the Assessed Parcel owner (except for the final year during which the Annual Installment shall be collected or if it is determined there are sufficient funds to meet the expenses of the PID for the current year), but an adjustment may be made in the amount of the Annual Installment to be paid in the following year. The decision of the Administrator regarding a calculation error relating to the Assessment Roll may be appealed to the Town Council. Any amendments made to the Assessment Roll(s) pursuant to calculation errors shall be made pursuant to the PID Act.

The decision of the Administrator, or if such decision is appealed to the Town Council, the decision of the Town Council shall be conclusive as long as there is a reasonable basis for such determination. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any other appeal or legal action by such owner.

B. TERMINATION OF ASSESSMENTS

Each Assessment shall be extinguished on the date the Assessment is paid in full, including unpaid Annual Installments and Delinquent Collection Costs, if any. After the extinguishment of an Assessment and the collection of any delinquent Annual Installments and Delinquent Collection Costs, the Town shall provide the owner of the affected Parcel a recordable "Notice of the PID Assessment Termination".

C. AMENDMENTS

Amendments to the Service and Assessment Plan can be made as permitted or required by the PID Act and under Texas law.

The Town Council reserves the right to the extent permitted by the PID Act to amend this Service and Assessment Plan without notice under the PID Act and without notice to property owners of Parcels:

(i) to correct mistakes and clerical errors; (ii) to clarify ambiguities; (iii) to provide procedures for the collection and enforcement of Assessments, Prepayment Costs, Collection Costs, and other charges imposed by the Service and Assessment Plan, and (iv) as may be required by the Attorney General of Texas in connection with the issuance of any series of Bonds.

D. ADMINISTRATION AND INTERPRETATION OF PROVISIONS

The Town Council shall administer the PID, this Service and Assessment Plan, and all Annual Service Plan Updates consistent with the PID Act and shall make all interpretations and determinations related to the application of this Service and Assessment Plan unless stated otherwise herein or in the Trust Indenture, such determination shall be conclusive.

E. SEVERABILITY

If any provision, section, subsection, sentence, clause or phrase of this Service and Assessment Plan or the application of same to an Assessed Parcel or any person or set of circumstances is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this Service and Assessment Plan or the application to other persons or sets of circumstances shall not be affected thereby, it being the intent of the Town Council in adopting this Service and Assessment Plan that no part hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness or invalidity of any other part hereof, and all provisions of this Service and Assessment Plan are declared to be severable for that purpose.

If any provision of this Service and Assessment Plan is determined by a court to be unenforceable, the unenforceable provision shall be deleted from this Service and Assessment Plan and the unenforceable provision shall, to the extent possible, be rewritten to be enforceable and to give effect to the intent of the Town.

APPENDIX F
ASSESSMENT PER UNIT, PROJECTED LEVERAGE AND PROJECTED TAX RATE
EQUIVALENTS

Appendix F

For purposes of calculating and allocating the Assessments, the Assessed Property has been classified in one of two Lot Types.

“**Lot Type 1**” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 60 feet.

“**Lot Type 2**” means lots identified as such on the Assessment Roll, being lots typically with a Lot width of approximately 50 feet.

A) Proposed Development

Table F-1 shows the proposed residential units to be developed within the PID.

Table F-1
Proposed Development within the PID

Description	Proposed Development	
Lot Type 1 (60 Ft)	196	Units
Lot Type 2 (50 Ft)	339	Units
Total	535	Units

B) Calculation of Equivalent Units

As explained under Section IV, for purpose of this Service and Assessment Plan, the Town Council has determined that the Budgeted Costs of the Authorized Improvements to be financed with the Bonds shall be allocated to the Assessed Property by spreading the entire Assessment across the Parcels based on the estimated Equivalent Units.

For purposes of this Plan, the Town Council has determined that the Assessments shall be allocated to the Assessed Property on the basis of the average home value of each Lot Type, and that such method of allocation will result in the imposition of equal shares of the Assessments on Parcels similarly benefited. In determining the average home value of each Lot Type, the Town Council has taken into consideration (i) the type of lots (i.e., 60 Ft lots, 50 Ft lots, etc.); (ii) current and projected home prices; (iii) the costs of the Authorized Improvements, and (iv) the ability of different property types to utilize and benefit from the Authorized Improvements.

Having taken into consideration the matters described above, the Town Council has determined that allocating the Assessments among Parcels based on average home value is best accomplished by creating classifications of benefited Parcels based on the “Lot Types” defined above. These classifications (from Lot Type 1 (60 Ft Lots) representing the highest value to Lot Type 2 (50 Ft Lot) representing the lowest value for residential lots are set forth in Table F-2. Assessments are allocated to each Lot Type on the basis of the average home value for each class of lots. This is accomplished by giving each Lot Type an Equivalent Unit factor. Equivalent Units are the ratio

of the average value of lots within each assessment class, setting the Equivalent Unit factor for Lot Type 1 (60 Ft Lots) to 1.0.

Table F-2
Equivalent Unit Factors

Lot Type	Estimated Average Value	Equivalent Unit Factor	
Lot Type 1 (60 Ft)	\$500,000	1.00	per dwelling unit
Lot Type 2 (50 Ft)	\$410,000	0.82	per dwelling unit

The total Equivalent Units for the PID are shown in Table F-3 as calculated based on the Equivalent Unit factors shown in Table F-2, estimated Lot Types and number of units estimated to be built within the PID.

Table F-3
Equivalent Units- PID

Description	Planned No. of Units	Equivalent Unit Factor	Total Equivalent Units
Lot Type 1 (60 Ft)	196	1.00	196.00
Lot Type 2 (50 Ft)	339	0.82	277.98
Total	535		473.98

C) Allocation of Assessments to Lots within the PID

The total amount of the Series 2022 PID Bonds, which represents the total Assessment to be allocated on all Parcels within the PID, is \$16,288,000. As shown in Table F-3, there are a total of 473.98 Equivalent Units resulting in an Assessment per Unit of \$34,364.32 (i.e., \$16,288,000 ÷ 473.98 = \$34,364.32).

Table F-4 sets forth the Assessment per dwelling unit within the PID.

Table F-4
Assessment Per Unit – PID

Description	Planned No. of Units	Assessment per Equivalent Unit	Equivalent Unit Factor	Assessment per Unit	Total Assessments
Lot Type 1 (60 Ft)	196	\$34,364.32	1.00	\$34,364.32 per dwelling unit	\$6,735,407
Lot Type 2 (50 Ft)	339	\$34,364.32	0.82	\$28,178.74 per dwelling unit	\$9,552,593
Total	535				\$16,288,000

The projected leverage calculated based on the estimated land values, finished lot values and home values for each unit is shown in Table F-5.

Table F-5
Projected Leverage – PID

Description	Planned No. of Units/1,000 GSF	Estimated Finished Lot Value per unit	Projected Home Value per unit	Assessment per Unit	Leverage (Lot Value)	Leverage (Home Value)
Lot Type 1 (60 Ft)	196	\$84,000	\$500,000	\$34,364.32	2.44	14.55
Lot Type 2 (50 Ft)	339	\$70,000	\$410,000	\$28,178.74	2.48	14.55

The projected tax rate equivalent per unit calculated based on the estimated finished lot values and home values for each unit is shown in Table F-6.

Table F-6
Estimated Tax Rate Equivalent per unit – PID

Description	Planned No. of Units	Estimated Finished Lot Value per unit	Projected Home Value per unit	Projected Average Annual Installment per unit	Tax Rate Equivalent (per \$100 Lot Value)	Tax Rate Equivalent (per \$100 Home Value)
Lot Type 1 (60 Ft)	196	\$84,000	\$500,000	\$3,047	\$3.63	\$0.6094
Lot Type 2 (50 Ft)	339	\$70,000	\$410,000	\$2,499	\$3.57	\$0.6094

The Assessment and Annual Installments for each Parcel or Lot located within the PID is shown on the Assessment Roll, attached as Appendix G, and no Assessment shall be changed except as authorized by this Service and Assessment Plan and the PID Act.
