**8. Advance Financing by Developer**

The Developer will advance the funds for construction of the Public Improvements for the account of the City and will be entitled to repayment pursuant to a Public Improvement District Development and Financing Agreement (the "Development Agreement"), executed among the Board, the City and the Developer. Although the Public Improvements are required for the growth and development of the PID, it is not necessary for them to be built simultaneously. In addition, it is intended that portions of the PID not benefiting from a particular phase of the improvements not be assessed for such improvements. It is anticipated that pursuant to the terms of the PID Development and Financing Agreement one or more series PID bonds will be issued to reimburse the Developer; provided that pursuant to the Development Agreement, assessments may be used to pay reimbursement expenses or the costs of Public Improvements directly if not anticipated to be required for the payment of PID bonds. Any such bonds issued will be payable solely from the PID assessments levied and collected, which shall be sufficient to pay principal and interest on the applicable series of bonds. Such bonds will not be an obligation of the City in any way and bondholders will not have a lien on any revenues of the City.

**9. Apportionment of Costs**

In accordance with Chapter 372, Texas Local Government Code, the Public Improvements to be constructed will be paid by assessments that constitute one hundred percent (100 %) of the total costs. Payment of assessments, if any, on property owned by exempt jurisdictions other than the City shall be established by contract.

**10. Levy of Assessments**

The plan of assessment contemplates that the assessment will be levied in phases, as Public Improvements are constructed within each Phase. The assessment year shall be concurrent with the City's tax year. The assessments against property may be paid in annual installments based on an amortization of twenty (20) years plus the period between the effective date of the assessment ordinance and the date of the first installment. For planning purposes the assumed interest rate is 6.50%.

The assessments shall be based upon the actual cost of the Public Improvements plus those related costs as deemed reimbursable by the City. The assessment will be allocated on a square foot basis. The cost of the Public Improvements will consist of the costs to construct street paving, storm water detention facilities, landscaping, sound barriers, public entryways, public trail, contingency provisions, for each development phase, related professional design and engineering fees, administrative and legal services and interest payable to the Developer pursuant to the Public Improvement District Development and Financing Agreement.

The Plan estimated and the City levied the following assessments in each section based on the estimated total public improvement costs plus interest and administrative costs:

**EXISTING ASSESSMENT RATES**

Section One Residential	\$2.40/square foot (\$ 0.12/square foot/year)
Section Two Residential	\$2.40/square foot (\$ 0.12/square foot/year)
Section Three Residential	\$2.40/square foot (\$ 0.12/square foot/year)
Section Four Residential	\$2.40/square foot (\$ 0.12/square foot/year)
Section Five Residential	\$2.40/square foot (\$ 0.12/square foot/year)
Section Six Residential	\$2.40/square foot (\$ 0.12/square foot/year)

The above assessments equate to \$2.40 per square foot of residential property (\$0.12/square foot/year x 20 years = \$2.40 per square foot) and were derived from improvement cost estimates at the time on the levy. Based on the actual costs for Sections 1 – 6 and the estimated costs for Section 7, the total assessment on each property will be reduced from \$2.40 per square foot to \$1.27 per square foot and the amounts already paid by properties in Section 1 – 6 at the higher rate of \$2.40 will be credited against the new assessment amounts resulting in lower total assessments and annual payments for all Section 1 – 6 properties. Each property will have a 20 year payment term as specified in the original plan.

NEW ASSESSMENT RATES

Section One Residential	\$ 1.27/square foot
Section Two Residential	\$ 1.27/square foot
Section Three Residential	\$ 1.27/square foot
Section Four Residential	\$ 1.27/square foot
Section Five Residential	\$ 1.27/square foot
Section Six Residential	\$ 1.27/square foot
Section Seven Residential	\$ 1.27/square foot

Notice of the levy of each assessment will be given as provided in Chapter 372 of the Local Government Code. The assessment levy statement will be sent to each property owner in the District, and the installment of the assessment levy will be due and payable at the same time property taxes are due and payable to the City.

The first installment of an assessment against a particular property shall be due on the first day of the calendar year following the earlier of: (i) the date such property has been improved with a habitable structure as evidenced by the issuance of a certificate of occupancy or such other indication of substantial completion as may be established by the District, or (ii) the third anniversary of the date such assessment was levied. Thereafter, subsequent installments shall be due on the first day of each succeeding calendar year until the assessment together with interest as provided herein has been paid in full. The owner of assessed property may pay at any time the entire assessment then due on each property.

A lien will be established against the property assessed effective as of the date of the ordinance levying the assessment, privileged above all other liens, including prior mortgage liens, to the extent allowed by Section 372.018(b) of the Local Government Code. Assessment installments shall be considered delinquent on the same date as the City's property taxes in the year following the assessment levy. Delinquent assessments or installments shall incur the costs of collection. If practicable, the assessment shall be included on the City property tax statement. The owner of assessed property may pay at any time the entire assessment then due on each property.
